

# Second Quarter Fiscal 2016 Conference Call

February 2, 2016

# Safe Harbor Statement

Statements in this presentation include, or may be based upon, management's current expectations, estimates and/or projections about Standex's markets and industries. These statements are forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. Actual results may materially differ from those indicated by such forward-looking statements as a result of certain risks, uncertainties and assumptions that are difficult to predict. Among the factors that could cause actual results to differ materially from those currently expected or desired, these factors include, but are not limited to: material adverse or unforeseen legal judgments, fines, penalties or settlements; conditions in the financial and banking markets, including fluctuations in the exchange rates and the inability to repatriate foreign cash; general and international recessionary economic conditions, including the impact, length and degree of the current recessionary conditions on the customers and markets we serve and more specifically conditions in the food service equipment, automotive, construction, aerospace, energy, transportation and general industrial markets; lower-cost competition; the relative mix of products which impact margins and operating efficiencies, both domestic and foreign, in certain of our businesses; the impact of higher raw material and component costs, particularly steel, petroleum based products and refrigeration components; an inability to realize the expected cost savings from restructuring activities, effective completion of plant consolidations, cost reduction efforts, restructuring including procurement savings and productivity enhancements, capital management improvements, strategic capital expenditures, and the implementation of lean enterprise manufacturing techniques; the inability to achieve the savings expected from the sourcing of raw materials from and diversification efforts in emerging markets; the inability to attain expected benefits from strategic alliances or acquisitions, the inability to achieve synergies contemplated by the Company; other factors discussed in the Annual Report of Standex on Form 10-K for the fiscal year ending June 30, 2015, which is on file with the Securities and Exchange Commission, and any subsequent periodic reports filed by the company with the Securities and Exchange Commission.

In addition, any forward-looking statements represent management's estimates only as of the day made and should not be relied upon as representing management's estimates as of any subsequent date. While the company may elect to update forward-looking statements at some point in the future, the company and management specifically disclaim any obligation to do so, even if management's estimates change.

## Q2 Summary

- Margin improved year over year from 7.0% to 7.4%
- Lower sales with select major chains, dollar stores and product rationalization
- Foreign Exchange had a -0.6 % impact on sales
- Group level improvement in materials, pricing and productivity
- Continued improvement in on-time delivery and reductions in past due backlog in Cooking Solutions Group

## Current Focus

- OPEX initiatives to shorten lead times, improve efficiencies and continued to improve on time delivery
- Commercial strategy and growth laneways to increase topline

# Engraving

Q2 FY 2016 ('000s)	\$	Delta YOY
Revenues	\$31,935	19.9%
Operating Income	\$7,443	25.2%
OI Margin	23.3%

## Q2 Summary

- Record sales and operating income for the quarter
- Strong demand in Mold Tech in all regions of the world – Americas, Europe and Asia
- Roll, Plate and Machinery sales increased due to large plate orders
- Innovent sales up in the quarter from diaper drum sales

## Current Focus

- Ramp up production of Laser Engraving capacity and Nickel Shell Molds over the next twelve months to meet demand
- Demand for automotive molds remains strong
- Increase penetration in Non-Automotive Mold Tech sales

# Engineering Technologies

Q2 FY 2016 ('000s)	\$	Delta YOY

Delta IV 16 Domes

SLS 8 Domes

## Q2 Summary

- Segment sales impacted by lower oil and gas sales (-78%) partially offset by increased aviation sales (+21%)
- Cost reductions in place to offset lower demand in oil and gas markets
- OpEx efforts increasing capacity at Enginetics, which grew 11% in the quarter

## Current Focus

- Continue construction on new Wisconsin aviation plant
- Expect to exit Q4 at mid-teen OI Margins as increased aviation sales should more than offset lower oil and gas sales
- Pursue long-term agreements on additional aviation and space programs

## Capacitive Level Sensor Market Test

- Solid state reliability, continuous liquid level sensing over a wide temperature range in a variety of rugged packaging.
- Compatible with fuel, oil, water, ethanol blends, diesel, urea and other liquids

## Q2 Summary

- Sales increased primarily due to acquisition of Northlake in the beginning of Q2
- North America sales were down as we experienced softness and continued customer inventory adjustments
- Europe sales grew 9% as new programs were launched during the quarter
- OpEx initiatives drove margin improvement

## Current Focus

- New business opportunities, strategic laneways and market tests in sensors and high reliability magnetics
- New sensor programs should drive growth over the next twelve months
- Consolidation of operations into our Northlake facility

# Hydraulics

Q2 FY 2016 ('000s)	\$	Delta YOY
Revenues	\$10,016	2.7%
Operating Income	\$1,519	4.6%

Underbody application on small dump trailers

## Q2 Summary

- Continued strength in North America dump truck and dump trailer markets
- Market share gains in mobile hydraulic cylinders by quick turnaround in custom quotations and short delivery times
- Backlog and order intake increased during the quarter

## Current Focus

- Continue new business opportunity pursuits for custom engineered cylinders
- Leverage the global production footprint in North America and China
- Drive Operational Excellence plan

# Standex Q2 FY 16 Sales Waterfall

# Business Unit Strength

- Food Service – Despite top four refrigeration customer sales decline, other dealer based business remains solid
- Engraving – Exceptional performance in Q1 and Q2, should remain strong for the remainder of the year
- Engineering Technologies - Aviation Q2 Sales up \$1.8M and should continue to grow in Q3 and Q4. Continued Oil and Gas headwinds in 3<sup>rd</sup> and 4<sup>th</sup> quarter
- Electronics – Top line in North America continued to be weak in Q2, however should recover in second half. European growth continues.
- Hydraulics – Solid performance in Q2, Book to Bill and order intake continue to build. End markets remain strong

O&G and FX comps are easing, while end markets are mixed

# Q2 Summary

- Margin expansion in four businesses
- Adjusted EPS expanded 5.2% from the prior year
- Food Service EBIT margin at 7.4%
- Repositioning Engineering Technologies into aviation
- Record quarter in Engraving as Mold Tech, Roll Plate and Machinery and Innovent all showed gains
- Continued momentum in Electronics and Hydraulics
- Continue be cautious about currency expectations, oil and gas markets and regional economic conditions
- Drive value though the application of the Standex Value Creation System as we continue the evolution to become more of an operating company
